DR. HASSAN ABBAS ZAKI ASSOCIATION · HAZ-V2 USER TESTING

Test guide: Finance manager

Demo person: Hossam Rashad · حسام الدين رشاد · Finance

Username **finmanager**
Password **Demo@2026**

Tester (real name) _____ Job title _____ Date _____

Observer _____ PC / location _____ Round _____

How this test works

1. You use the system; the observer writes. Say aloud what you are looking for and what you expect.
2. Read only the case title and goal first, then try it yourself. Use the steps when you are stuck, and tell the observer.
3. The observer helps only after 2 minutes stuck. Any help is recorded. This tests the system, not you.
4. Grey steps are done by another login (shown under "By"). Watch them or skip them, as the observer says.

- **W, Works**: done, result as described.
- **H, Hard**: done, but confusing, slow or you hesitated.
- **F, Fails**: wrong result, an error, or could not finish.
- A case **passes** when every step works with no S1 or S2, with no help or one hint, in up to 1.5× the target time, ease 4 or 5, and it matches how you work.

LEVEL	MEANING	EXAMPLE
S1	Blocks the work, wrong money, or data seen by the wrong person	A researcher sees a donor's amount
S2	Finished only with help or a workaround	Cannot find where approved cases go
S3	Works, but confusing wording or layout	An unclear button label
